German ●●●●●

PERSÖNLICHE MERKMALE

Communicative: In the German language (good) - In English (very good in speech and writing), Willing to learn: Continuous learning as it is the meaning of life, A team player, able to take criticism, loyal, proactive.

AUSBILDUNG

Sep. 2014 - Sep. 2020 **Computer Engineering (Bachelor)**
Wadi International University, Homs

Key courses: Modeling and Programming (C++) - Web Engineering (with a final project website) - Database (MySQL)

Bachelor Thesis: Development of a Web Application for Mood-Based Music Recommendation Using Facial Recognition. Developed a web application that recognizes human faces and analyzes their expressions to identify and classify the user's current mood. The application employs the Fisherfaces algorithm for accurate facial recognition and expression classification. Based on the detected mood, the system plays a suitable song to match the user's emotional state.

Technologies Used: Python, OpenCV, Flask, HTML, CSS, JavaScript.

BERUFSERFAHRUNG

Okt. 2018 - Aug. 2021 **Full-Stack Web Developer**
SAU, Homs, Syria

- Developed responsive websites using HTML, CSS, JavaScript, Bootstrap, and PHP to ensure optimal performance across all devices.
- Optimized JavaScript code for enhanced performance and scalability, improving page load times and overall application efficiency.
- Designed user-friendly interfaces with a focus on visual aesthetics, accessibility, and seamless cross-device consistency.
- Customized Joomla templates and extensions for both front-end and back-end functionalities, enhancing user experience and site performance.
- Collaborated with cross-functional teams to deliver web solutions for various clients.
